

# CITY OF LAS VEGAS

## Finance Department

December 2010

The Finance department continues to monitor the department's budgets to ensure spending is done within the means given. Various department directors visit with our department on a monthly basis to ensure their budget is on track to finish conservatively. We are currently preparing for Mid-Year Budget reviews with each department. This is a standard practice that is done annually in preparation for the second half of the year.

The department is also preparing for our 2010 Audit. Auditors will be in and out of the office analyzing our work and ensuring we are in compliance.

Our department submitted the City of Las Vegas' Budget to Department of Finance and Administration for consideration of an award. DFA evaluates numerous budgets and presents awards to municipalities who meet certain criteria. The city was notified that they would be a recipient of the award at the upcoming Budget Conference in Santa Fe, NM. Details to follow.

Our department's goal is to ensure that the City is fiscally responsible and as stewards of the public trust, we continue to monitor the expenditures of public funds in a manner that we hope and believe is transparent to you, the taxpayers.

The public is invited to attend our monthly finance committee meeting on Tuesday December 14, 2010 at 3:30 in the Council Chambers.

Our department continually strives to be prompt, professional and efficient in all that we do to ensure accuracy in every aspect of our job.

Pamela Marujo  
Interim Finance Director
