

CITY OF LAS VEGAS

Finance Department

November 10, 2010

The Finance department continues to monitor the department's budgets to ensure spending is done within the means given. Various department directors visit with our department on a monthly basis to ensure their budget is on track to finish conservatively.

The budget presented to Council was a very conservative budget. Because of the state of the economy, we feel that this proactive approach is necessary. Seeing the unfortunate effects the economy is having on other municipalities, it has compelled us to be conservative. Our goal is to continue to provide our city the best services possible while keeping every single city employee employed.

The department is preparing for our 2010 Audit. Auditors will be in and out of the office analyzing our work and ensuring we are in compliance.

Our department's goal is to ensure that the City is fiscally responsible and as stewards of the public trust, we continue to monitor the expenditures of public funds in a manner that we hope and believe is transparent to you the taxpayers.

The public is invited to attend our monthly finance committee meeting on Tuesday November 16, 2010 at 3:30 in the Council Chambers.

Our department continually strives to be prompt, professional and efficient in all that we do to ensure accuracy in every aspect of our job.

Pamela Marrujo
Interim Finance Director
